

4-1.3 DECISION NO. D-20

PARTNERING

Issue:

Guidelines are needed for implementing the partnering process for Indian Health Service health care facilities and quarters, new construction and/or renovation.

Decision:

The Health Advisory Facilities Committee (HFAC) reviewed the draft Indian Health Service Technical Handbook Chapter, "Partnering," and approved this chapter for inclusion in the Technical Handbook, following editorial revision.

Reference:

Copies of the draft chapter can be obtained from the Office of Environmental Health and Engineering, Division of Facilities Planning and Construction. This document will be issued as Chapter 21-14 Partnering, Part 21, Volume III of the Technical Handbook for Environmental Health and Engineering.

Adopted by HFAC on February 14, 1996.

Gary K. Radtke, P.E.
Chairman, HFAC
